

CUSTOMS COMPLIANCE REFRESHER COURSE

Major changes are taking place concerning, Export & Import Control Systems (ECS/ICS), Economic Operator Registration and Identification (EORI) and Authorised Economic Operator approval requirements covering all parts of the EU supply chain, where lack of approval is very likely to encounter delays by Customs

COURSE OBJECTIVES

⇒ This two day course provides the Exporting or Logistics company with a valuable update to International Trade documentation, Customs, VIES & INTRASTAT Procedures.

TARGET AUDIENCE

⇒ This course is a must for those management and supervisory personnel planning to expand their markets and for those planning import / export trade with new international markets.

COURSE BENEFIT ASSURANCE

⇒ A detailed review of your customs and trade issues will take place with a pre-course questionnaire review followed by ongoing technical customs support for the month following the course.

Course Certificate will be provided to participants on course completion.
