

## SHORT-COURSE

# DANGEROUS GOODS BY AIR – IATA/IAA Approved

The International Air Transport Association (IATA) places a number of responsibilities on all those involved in consigning and transporting Dangerous Goods by Air. It is a legal requirement that those involved attend and pass an approved training course in order to be aware of the various regulations and requirements.

**OBJECTIVES** ⇒ Export Edge International Training and Consultancy offer a 3 day in-depth initial training course designed to meet the IATA regulations, in full, as approved by the Irish Aviation Authority (IAA). Our trainer is one of the most experienced in Ireland, in IATA and ADR regulations.

**TARGET AUDIENCE** ⇒ This internationally recognised course, designed for the traffic and operations staff of consignors and air cargo agents, is also useful to: Shipping department staff of manufacturers, wholesalers, importers and exporters; all staff of cargo agents, airlines and manufacturers who wish to expand or refresh their knowledge of dangerous goods regulations and procedures. Those personnel who have already received initial training must attend a refresher training course within 24 months of the last certification.

**CERTIFICATION:** On completion of this course – which includes a written examination – successful students will receive an IATA approved Dangerous Goods Certificate.

**COURSE TIME:** 09:00AM to 05:00PM (including course manual, lunch & refreshments)

**VENUE:** Lwr Grd Floor 11, Merrion Square – Dublin 2 – Rep. of Ireland

**FEE:** 20% discount for IEA / IITI members and past attendees
