e-Business Studies

The 3 month Course in e-Business Studies is designed to enable learners to apply the principles and practice of e-Business to the current working environment.

Classes are held at 11 Merrion Square on Mondays, 6.30 - 9.20 pm. Group and individual assignments are completed during the term.

Learning outcomes

- To appreciate the role played by technology in business today
- To appreciate the opportunities presented by e-Business
- To understand the potential social, legal and economic impact of e-Business
- To recognise the importance of network security to e-Business activity

Modules

- Development of e-Business
- Network Security
- e-Business Applications
- Planning for e-Business
- Impact of e-Business

Assessment

There are Assignments (2) and Project (1) for this course. Pass mark is 50%. For Merit, more than 64% is required, and more than 79% for Distinction.

Progression

A recommended progression path for the eBusiness Studies course is the Professional Diploma in Global Trade and e-Business, awarded by IITI (Irish Institute of International Trade). Also, this FETAC Component Certificate course can be combined with other modules leading to a Major Award in the National Framework of Qualifications.

Awards

The certification is awarded by FETAC - Level 5 Component Certificate in e-Business Studies (B20148).
