

TRADE FINANCE PAYMENTS & LETTERS OF CREDIT

Significant changes have been introduced under new International Chamber of Commerce (ICC) rules UCP 600, governing Letter of Credit Contracts, plus update to ISBP. International Banks are also taking a hard line with certain Middle Eastern countries, where Export Edge has assisted in resolving major issues for our clients over the last 16 years.

OBJECTIVES

- To equip participants with the updated knowledge for Trade Finance operations for their company in an informed and effective manner;
- To equip participants with knowledge of essential banking payment processes that will enable their companies to exploit higher risk markets;
- To reduce complexity and time consumption on complicated banking issues;
- To increase participant's process efficiency through minimising discrepancies on presentations to banks for payment;
- To utilize new process improvements for operational efficiency.

Upon completion of the course, participants will be able to understand:

- The structure and format of a letter of credit (L/C) and the relationships between L/Cs and the main documents, for example: Commercial and Transport documents, Bills of Exchange (Drafts) and other documentary requirements;
- Banking process and compliance requirements for Documentary Credit and Documentary Collection presentations.

COURSE BENEFIT ASSURANCE

⇒ A detailed review of your customs and trade issues will take place with a pre-course questionnaire review followed by ongoing technical customs support for one month after the course.
